## Providing relief

"We rise by lifting others" - with this belief the students, teachers and staff of Delhi Public School (Joka), South Kolkata had joined hands together and came forward to serve humankind with compassion and live up to their commitments of 'Service Before Self' - the Motto of the school.

At this hour of need when Kerala experienced the wrath of nature due to unprecedented floods that has created havoc causing immense devastation and misery, the young dipsites of the school, motivated and inspired by their teachers and parents, raised a fund of Rs 2,04500 to contribute to the Kerala Chief Minister's Relief Fund.

The entire collection for students, teachers and staff was transferred to the specified Account No. for the cause through HDFC Bank Thakurpukur Branch. With the hope that the small contribution would go a long way in providing some relief to those who are affected and rendered homeless. All at Delhi Public School (Joka) South Kolkata pray for our unfortunate brethrens.
