**Who was your favourite teacher and how did he/she influence you?**

My favorite teacher is my English teacher, Debarati ma'am, who used to teach me when I studied in ninth standard. She is my inspiration and role model. Her speaking skills and effectual explanation caught every inch of my attention in class. Being an English teacher myself, I try to recall her ways of teaching and connect with my students.

**Debleena Kanjilal,**  
*English Teacher, DPS Joka*

**Who was your favourite teacher and how did he/she influence you?**

Irene ma'am, my English teacher in the senior school is my favorite teacher. I used to be captivated by her gait, her style of explanation and her enriched diction. Since then, I had wanted to be like her.

**Sharmila Bannerjee,**  
*Chemistry Teacher, DPS Joka*

**Who was your favourite teacher and how did he/she influence you?**

Dipika Majumdar, my middle school Mathematics teacher is my favorite teacher. She indeed has a vast impact on my entire life. She is surely the reason behind my love for Mathematics and Science.

**Tapasree Pramanik,**  
*German Teacher, DPS Joka*

**Who was your favourite teacher and how did he/she influence you?**

I certainly cannot forget my English teacher, Beena ma'am, who taught me in a special way to steer out the fear of writing long sentences in language. It is because of her, that now I can withdraw myself from any fear in my professional field.

**Anushka Paul, VIII, Delhi Public School, (Joka)**
